Mr Staale, Head clerk, District

No 1041-2 dated 25th January 1902,
he was granted a personal allow-
nce of Rs 50 in consideration of

the onerous nature of the duties devolved on him and of the good opinion he had earned of every one of the Deputy Commissioners whom he served

The Deputy Commissioner, Banga-lore District, in his letter No 83 dated the 17th February 1902, stated that Mr Steele intended to make provision for his family from this allowance as out of his pay of Rs120, he could scarcely effect any savings but that he did not live long to profit by it, that he left behind him his wife and 3 children (a boy of 11, a girl of 10 and a boy of 6 years) without any provision for their maintenance and therefore recommended that

in consideration of the zeal and trustworthiness exhibited by late Mr Steele in the discharge of his duties and of the pitiable condition of his widow and children, the latter may be given a scholarship of Rs 10 per mensem till they attain the age of 21

Mr Steele is reported to have put in 29 years service

This was submitted to 1st Councillor on 29-5-02 His order thereon is

Venkatappaya died of plague in 1901, after rendering service for upwards of 10 or 12 years He has left behind him a widow, a son & his old parents - It is said that they are all suffering much for want of means to live upon The son is studying in a mission school and is about 10 or 12 years old The Petitioner prays for maintenance & scholarship for his son as was granted in the case of the sons of certain deceased officers.

3) In G O No G 3184-5 dy 22 12 03 a technical Scholarship of Rs 20/- a month was sanctioned for Mrs Vardon's eldest son Advertising W

to this order, the I.G. of Edn represents that as Mrs Vardon has expressed her inability to pay the premium of Rs 500/- for her son's admission into the Perambore Workshops and that as he is said to be too old now for the course, and she therefore requests the Minister of Education to grant a scholarship tenable for 3 years in the name of her daughter Lucy Vardon who is studying in the Baldwin School, Bangalore. The Principal of the School is said to have recommended the scholarship to this girl. A copy of Mrs Vardon's letter to I.G. of Edn: is also forwarded. The I.G. has merely forwarded the above, perhaps for information from His opinion in the matter is not given.

Subs orders on the 3 points noted above

DSB 17/2/54

On the 1st point, the sanction may be accorded to the proposal to charge the scholarship of Mr Keale's son to Unforeseen Charges in the current year's Budget.

On the 2nd point, I beg very respectfully to say that Clerk Venkappaya was a very efficient and promising official of the Govt Secretariat,

VV 23/04

and was cut off very suddenly by plague

* The grant of a scholarship of say 10 Rs a month to the boy until he completes the age of 18 years would be a great boon to a respectable family who is in distressed circumstances.

On the 3rd point, regarding the transfer of the scholarship from Mr Vardon's son to his daughter it is doubtful whether Govt has the intention of helping in the education of the daughters of deceased Officers The object seems to be that the family name of deceased officers should be kept up in respectability by giving a good education to sons Daughters on the other hand will marry and get into other families. Even if it is intended to grant a scholarship to Mr Vardon's daughter, the amount of 20 Rs recommended appears too high. The Dy of Edn may be asked to ascertain and report what amount is actually required

Your Excellency,

As the widow of the late James Richard Barrow, Chief Assistant to the Comptroller, Mysore Government, I respectfully beg to submit this appeal, and most earnestly solicit for it the indulgent and benevolent consideration of Government

My late husband entered the Mysore service in 1865, and served most efficiently and faithfully, as the Records will show, for the long period of 35 years, without furlough or leave of any kind except privilege on a few occasions, until within the last two years, when his health began to fail, and he was obliged under medical advice to obtain leave, and place himself under medical treatment

Deriving no benefit locally, he proceeded to Madras last January, and at great expense, obtained the best medical advice and aid, but without avail, and becoming worse, he was brought back to Bangalore, where he died on the 25th May 1900

I have stated that my husband never had any long leave, and this statement is correct Fourteen months furlough from the 1st June 1887, is debited against him in the Records, but this was simply a transfer of services to the Maharajah's Cotton Mills, to which he was deputed on special duty, during this period

I am now left a widow, with two daughters and a son of 14 years, and though my poor husband did his very best to provide for us by subscribing to the General Family Pension Fund of Calcutta, our present circumstances are so reduced and straitened, that I am unable to support and bring up my children, and am thus compelled to pray for assistance from Government

Had life been spared my late husband would have been entitled to a pension of Rs 175 per mensem on retirement and as the Mysore State is ever most magnanimous and benevolent in the treatment of Its servants I earnestly implore that the pension that would have been awarded my husband, or a portion thereof, may be graciously granted to me and the children, and that a scholarship in a Government Educational Institution be conferred upon my son

Earnestly soliciting that you will be pleased to have this petition favorably considered, and dealt with at an early date, and thus relieve our anxiety and distress

I beg to remain,
Your most obedient servant,
LUCY R BARROW.

I think the Rules as at present framed do not admit of any grant being made in favour of the children of officers who have left the service of the State before completing the period of service required by the Rules, except in cases of retirement on account of ill-health or death. The petitioner in this case left the service of the State before completing the period of service required by the Rules, and no reason has been shown why an exception should be made in her favour. I am therefore of opinion that the petition should be rejected.

SIR,

With reference to your docket No 9971 dated 7th February 1901 I have the honour to inform you that although it is advisable to grant scholarships for the education of children of old officers who have done good service to the State but who have left them insufficiently provided for, it does not seem feasible to fix a scale of scholarships that will suit all or even a large number of cases. Each application may be considered on its own merits. The amount of scholarship to be given will depend on many circumstances such as the importance of the father's services, the limited nature of his means at the time of his death, the insufficiency of provision made for his family, the age of the child for whom a scholarship is asked, his previous education, the cost of his future general or special education. As a general rule no scholarship should be granted of an amount exceeding half the minimum cost of the course of general or

His Excellency P R S Krishna Murti, Esq., C I E.,

DEWAN, MYSORE STATE

YOUR EXCELLENCY,

On the 28th September 1900, I submitted a Memorial a copy of which I now beg to append, praying that in consideration of my late Husband's services, the Government would be graciously pleased to grant a pension to me and my two daughters, and bestow a scholarship upon my son, but in Government Order No 9972/ G F 299 of the 7th January 1901, I was informed that the pension solicited was inadmissible

No reference is made in the Order to the scholarship that was also petitioned for, and I venture to appeal again on this subject, and most earnestly entreat, that in benevolent consideration of his late father's long and faithful service of 30 years, a scholarship be bestowed upon the son, and that the Government will be pleased to have him educated, and trained for one of the Departments of its service

My late Husband subscribed to a Fund for pensions for me and our two daughters, these pensions being Rs 50 per mensem for me and Rs 25 for each of the two girls, or Rs 100 in all, but he was unable to subscribe for the boy, who is the youngest of the family

The lad is thus quite unprovided for, and I can do nothing for him with our pension, Rs 100, which constitutes our entire income

I am therefore constrained to implore, that with the accustomed benevolence and generosity of the Great Mysore State, the Government will be graciously pleased to make the amount of the scholarship sufficient to provide for the boy's maintenance, as well as education

The lad will close his fifteenth year on the 4th August 1901 He is at present a day scholar in St Andrew's High School, Bangalore, and has been in this Institution for the past 8 years He is now in the III Form, preparing for the Lower Secondary Examination that is to be held next December I annex a statement regarding his attainments, &c, kindly furnished by the Head Master of the school

I most earnestly pray that Government will most graciously grant my humble petition, and in such case, I shall, with the deepest gratitude and thankfulness leave all arrangements regarding the school to be selected, and the subsequent training entirely in the hands of the Officers of the State, who direct such matters

Craving in conclusion Your Excellency's compassionate consideration, and most powerful aid
